PREFATORY NOTE

This List has been prepared in response to requests received from time to time. It has hitherto been distributed in typewritten form, but to meet demands it is now reduced to print. It is in no sense exhaustive, even of the resources of the Library, but is intended to serve as a ready-to-hand guide to accessible material.

Recent discussions take up a large part of the List, although fundamental material to a certain extent has been included.

SELECT LIST
OF
REFERENCES ON RECIPROCITY WITH CANADA

Current statistics of American foreign trade in tabulated form are printed annually in the Statistical Abstract of the United States. More detailed statistics are given in the annual report on Foreign Commerce and Navigation of the United States, and similar statistics in monthly form appear in the Monthly Summary of Commerce and Finance of the United States. These are all published by the Bureau of Statistics of the Department of Commerce and Labor. The consular reports of the United States and of Great Britain contain reports on specific subjects of commerce.

The Board of Trade Journal, London, published monthly, has a section devoted to tariff changes throughout the world.

Official Canadian publications to be noted are the Tables of the Trade and Navigation of the Dominion of Canada, and the Unrevised Monthly Statements of Imports Entered for Consumption and Exports of the Dominion of Canada, both published by the Department of Customs; the Annual Report of the Department of Trade and Commerce, the Monthly Report of the same department, and the Statistical Yearbook of Canada, issued by the Department of Agriculture. Nonofficial publications containing material on trade relations of Canada are: The Canadian Annual Review, Toronto; The Canadian Manufacturer, semimonthly, Toronto; The Canadian Gazette, weekly, London; and Canada, weekly, Montreal.

Brief reports of the sessions of the Canadian Tariff Commission are printed in the Canadian Gazette and in the Canadian Manufacturer for 1905 and 1906.

A 24-page analysis of the new Canadian tariff has been issued by the Chamberlain Tariff Commission.
